## MEMORIAL COLLECTION 2019

## Who we are?

**Hallmark Memorials** is a friendly, family run business in Oldham. We pride ourselves on the excellence and service of our bespoke craftsmanship for the most fitting tribute for your departed loved ones.

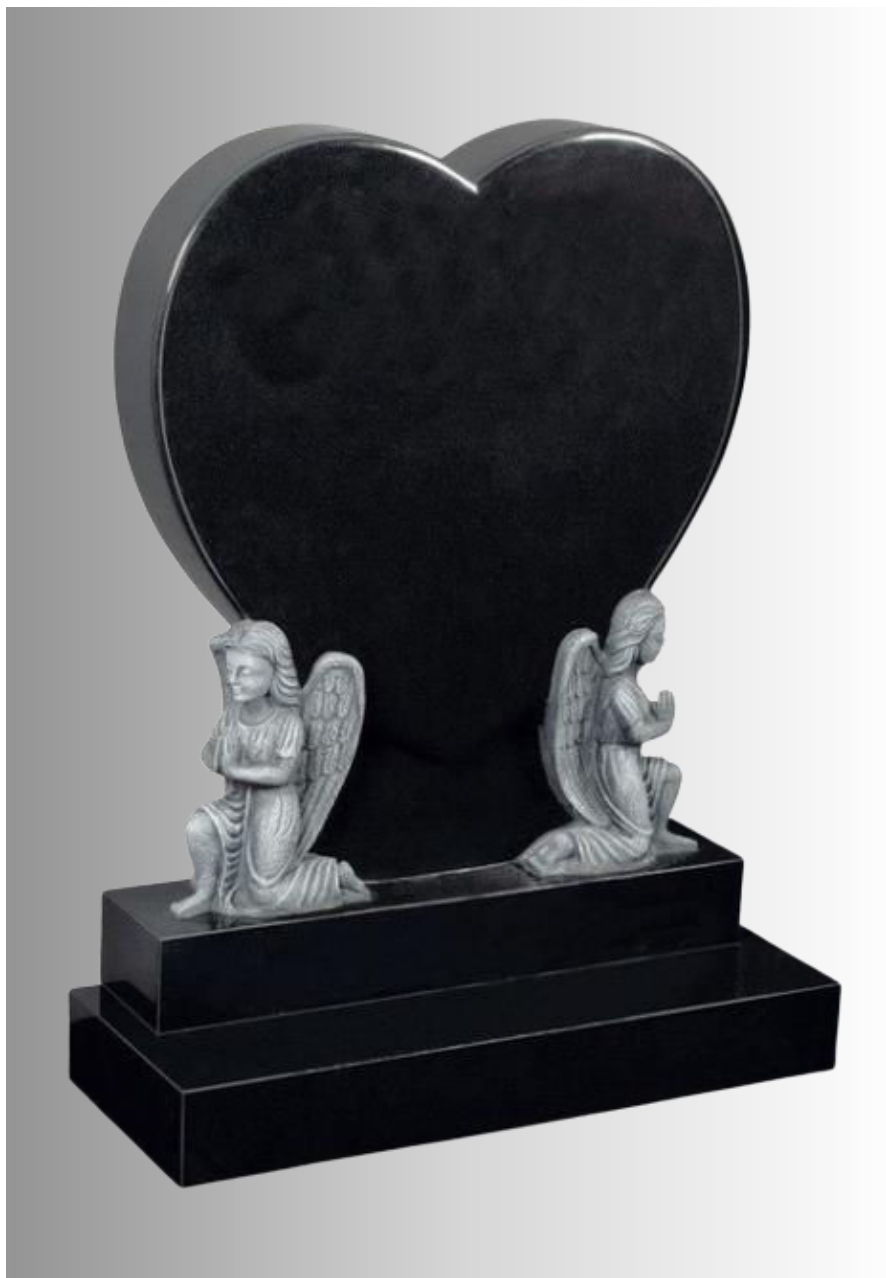

Our family is here to assist you to choose or design the most suitable headstone or any other memorial, from our large selection of premium quality granite. We use the most up to date techniques to offer extra additions to add a truly personal touch without going for a fully bespoke memorial design.

Our caring, professional service and workmanship are of the highest quality and are guaranteed accordingly and we can assure you that we are able to offer all this at the most competitive prices.

Our craftsmen are members of the National Association of Memorial Masons (NAMM) and fully adhere and support their objectives and values. All our memorials are fitted to the NAMM code of working practice by our own BRAMM accredited fixing masons.

Our professional designing team are highly experienced and here to assist in the bespoke design and lettering all the way from start to finish. We understand the importance and emotional experience families go through at such a hard time. This is where we make it as easy as possible for you.

## **Hallmark Memorials to create a lasting tribute.**

A memorial is a lasting monument which serves as a focus for the memory and tribute to a dear loved one's life. The specifics or design of the monument are the to not only mirror but commemorates their life.

### **Design**

This brochure will show a vast range of high-quality memorials suited for any cemeteries or graveyards. The memorial designs are endless, therefore if a certain design you would like is not displayed does not mean we cannot provide it. Please get in touch.

### **Regulations**

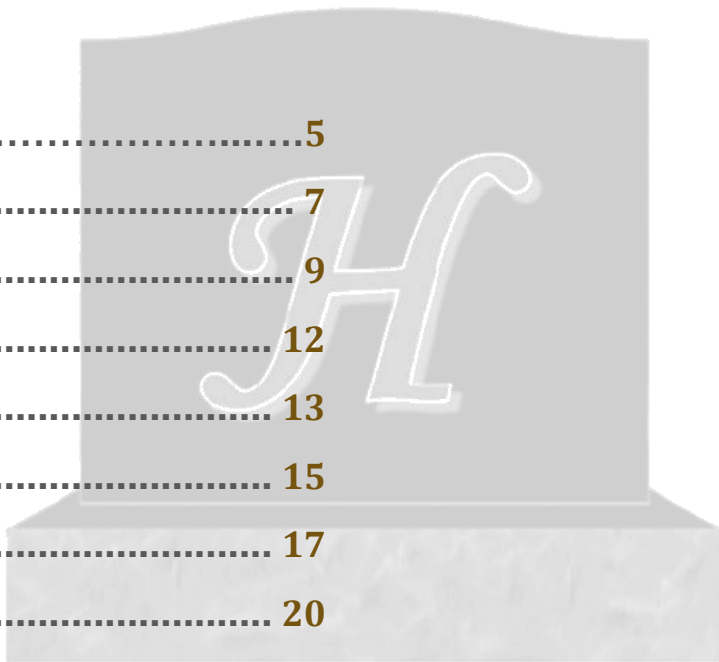

Every churchyard and cemetery have their own regulations. Therefore, it is important to understand the regulations which can affect the size, colour, finish and design of the memorial. Our family can help through this service by offering the best advice on the rules and regulations.

### **Material**

The material is one of the most important factors to consider. This brochure shows a vast array of memorials with granite being the main material. Black Granite is the strongest and the longest lasting, weathering well compared to other materials. Hence the most popular and chosen Material by ourselves and our customers.

Shown in Black

# LASER ETCHED DESIGNS

Laser Etched designs are the perfect way to personalize a memorial, ensuring the memorial is a truly lasting tribute to the loved one it represents.

The Laser Etching designs displayed ahead represent just a small selection of the designs available. We are able to etch any image directly on to the memorial, whether it be a photograph of your loved one, their pet, their favourite sports team or a special something to remember them with. When etching a portrait, a high-quality photo is required for the best results.

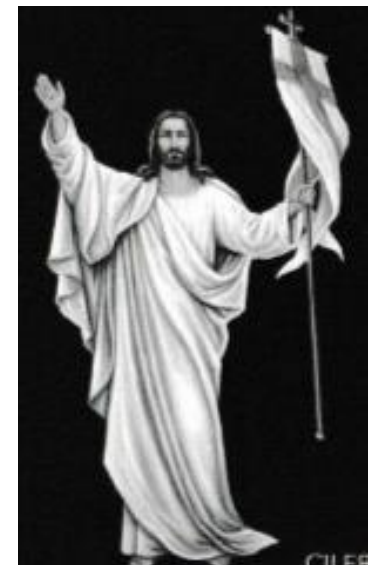

For etchings on coloured granites, we offer Black Granite Oval and heart shaped plaques which can be etched and fixed on to the coloured memorial. If you would like a design which is not shown, please contact us.
